RE: COVID-19 Virus

The outbreak of the COVID-19 virus has presented many challenges as well as changes and uncertainty. On March 22, 2020, the Ohio Department of Health issued a Stay at Home Order requiring all persons to stay at home unless engaged in essential work or activity. This order went into effect at 11:59 P.M. on March 23, 2020.

Based upon the language in Section 12(v) of the Director's Order, Buckeye Hydraulics meets the qualifications of "Essential Business and Operations" and remains open to serve our customers and suppliers. We have also reviewed Section 15 outlining the requirements an Essential Business must take. The safety of our families, employees, customers and vendors is our priority and we have put measures in place to minimize the risk of virus transmission.

We are committed to providing the highest level of support to our customers, and will continue to deliver, ship and maintain our service levels as we deal with this challenging situation.

Sincerely,

Mike Fatzinger  
President  
Buckeye Hydraulics, Inc.
